

The Intel 471 Owl logo is a stylized black owl with red eyes, positioned on the left side of the image. The background is a dark gray with a white, torn-paper-like border at the bottom. The text 'Intel 471 Culture Guide' is written in a large, white, sans-serif font across the center.

Intel 471 Culture Guide

An Employee Handbook, which nobody reads, and all those rigid HR policies are not what we need to help us do our best work at Intel 471. Here we operate as adults and have a culture of trust and quiet professionalism, which is why we have our Culture Guide for all things Intel 471. Our Culture Guide contains what we hope are useful things to know about working for Intel 471 and goes beyond the typical Employee Handbook.

Employees and customers on every continent, except for Antarctica!

200+ employees and contractors in 28+ countries and growing rapidly

Key global player in cyber threat intelligence (CTI)

Who We Are

Our Mission...

is to protect organizations' products, assets and their people from cyber threats.

Our Vision...

is to be the premier threat intelligence provider in the industry. To achieve this vision, we need to execute a strategy where we continue to do the things we do best, rather than expand into areas that take our focus away from threat intelligence.

Our Team...

is comprised of intelligence operators and native speakers localized where threat actors formerly operated with impunity and without consequence.

You can find out more about Intel 471 by going to our [company website!](#)

Our pedigree is unparalleled. We count on a team with experience operating in the intelligence services, military, law enforcement, and private threat intelligence companies in nearly every continent on earth.

Our History: How We Started

Founded in 2014, Intel 471 provides comprehensive intelligence and monitoring on threat actors. The company's centralized TITAN platform enables intelligence and security professionals to access structured information, dashboards, timely alerts and intelligence reporting via web portal or API integration.

Overview

Intel 471 provides unparalleled Cyber Threat Intelligence that enables our customers to assess, organize and equip their cyber defenses, and warn of potential crises.

Combining data collection and human analysis, we pinpoint relevant cyber threats in order to mitigate their impact on your business, whether that be in the form of financial loss, data breaches, reputational damage and theft of intellectual property.

We give timely, relevant and actionable intel that allows our customers to protect themselves and optimize their operations.

We are your window into the cyber underground

Manager

We believe in supporting an **inclusive culture** that encourages all of our people to be themselves, collaborate, and **grow their professional skills and career**. Humble experts and quiet professionals, tackling problems head on with collaboration and camaraderie, not competition. We strive to minimize administrative barriers and bureaucracy, whilst operating with **accountability and empowerment**.

Our approach to our HR policies and practices is people over process. We adopt 'principles' to help us create a more **adult organization**, taking a lighter touch approach, focusing on people applying judgment rather than designing around a rogue minority. We believe that the majority of our people want to behave decently and are capable of **using their judgment**, therefore we encourage **individual ownership and accountability**.

If things should go wrong, experience tells us that the majority of problems can be solved **with good communication and honesty** without resorting to legal frameworks. So, we always try to resolve problems informally. We hope that we never have to go there, but we have got some policies to protect both the business and our people should things go wrong.

Our #1 Policy: **Trust**

Getting Acquainted

Buddy Up

When you first start at Intel 471, you'll have a Buddy to help you get situated while you settle in and help guide you in your work.

Your Manager will walk you through the expectations for your first few months and meet with you regularly to keep you on track.

Let's Meet Up & Chat

We have quarterly new joiner meet & greets where all our new joiners get together to share who they are, their experiences, and celebrate joining such an amazing company.

We also have a company newsletter called The HR Byte, monthly coffee catchups with some of our amazing executives, regular "All Hands" meetings, and a lot of fun **Slack channels** to help people stay connected.

Speak Up

We pride ourselves on being open and friendly. Have a question or want to provide some feedback? Feel free to speak up and ask people what they're working on or for clarification on anything you want to know, either in person or during one of our meet ups.

We're all happy to answer your questions and we all welcome feedback!

How We Work

Remote

We are a remote-first company with offices located across the globe.

Whether you live near an office or not, Intel 471 believes you can do your best work wherever you are!

Flexibility

We have a flexible working approach which encourages a great work/life balance. We don't want anyone to have that dreaded Sunday night feeling!

We prioritize people. Our work schedules balance the needs of customers and colleagues, as well as our personal lives. We embrace flexible working to achieve successful outcomes and experiences.

GyShiDo

GyShiDo is all about razor sharp focus and the art & craft of simply getting things done. We trust our people to work independently and free of micro-management. We are all adults, and we expect everyone to take full accountability in their role.

Everyday Life at Intel 471

Recognition & Employee Voice

At Intel 471 we understand the importance of saying thanks. We have an employee recognition program called Bravo! where you can recognize your colleagues' great work and say thanks by giving them award points so they can buy cool gifts. Have suggestions? Let us know! We pride ourselves on transparency which is why we're always asking for feedback, running focus groups and creating ideas and driving improvements from our twice yearly eNPS survey!

Career Development

We want you to stay with us, learn and develop your career here. We don't have a traditional structure with lots of layers, but for those looking for it there will be chances to grow, broaden your skills, lead on projects and progress via departmental pathways.

Culture Club

We have a team of employee advocates dedicated to ensuring Intel 471 is a great place to work. They help to maintain our amazing culture, through creating ideas, events and challenges, while also acting as a key point of contact for feedback!

Health & Wellbeing

We believe in your health and wellbeing, not just for our sake but for you and your family's as well. Our resources will support you in gaining control of your health and wellbeing. This includes 24/7 phone support from a counselor and access to online tips and tricks to reach your individual health and wellbeing goals!

Not Just Family Friendly: We are Pet Friendly Too!

The Intel 471 team doesn't include just our employees, our fur babies are just as important here!

We Love Memes!!!

When your boss asks what you're working on:

When you have to pretend you're in a good mood at work

Boss: This is the third time you've been late to work this week. Do you know what that means?

Me:

When you work from Home

and somebody wants to make a video call

Me greeting a new employee at work...

When your co-worker asks a question that makes the meeting go on for 25 more minutes.

yeah, we're gonna be short staffed today

NOTHING RUINS FRIDAY MORE
